

Whitman Conservation District

State Legislative District #9
Congressional District #5

Other Accomplishments

Annual West Whitman Tour
We co-hosted the event with
WSU County Extension.

Annual Public Input Meeting
The Board of Supervisors
expanded District opportunities
through participation in
Annual Plan of Work activities,
attendance at partnership
meetings, and hosted site
tours. A goal: Increase Public
Awareness.

**Annual 5th Grade
Conservation Planting**

2010 Feature Accomplishment

District Cost-Share Program.

Resource Challenge – Whitman Conservation District specifically focuses on the natural resources diversity found within its boundaries: 10" – 21" rainfall; variations in tillage operations from traditional 2-year crop rotation with tillage to a 3-year crop rotation with no tillage; rangeland to pasture grazing and management. Our District Cost-Share Program is as diverse as the resources, providing opportunities for all constituents to participate.

Windbreak

Precision Farming

Project Summary and Results – This year we assisted 10 producers resulting in 12,209 acres and .8 miles of stream being improved through the installation of:

- 5 troughs*
- 1 holding tank*
- 5889 feet fence*
- 17,675 feet pipeline*
- 396 trees and shrubs*
- 5 mulch till applications*
- 1 prescribed grazing plan*
- 6 direct seed applications*
- 2 new conservation plans*
- 400 feet roof runoff mgmt*
- 1 heavy use protection plan*
- 7 precision farming installations*

Pipeline

The District Cost-Share Program provided \$16,964 which was matched by participants at \$45,543 resulting in \$62,507 being spent for on-the-ground implementation of conservation practices.

Key Project Partners – Whitman Conservation District Landowners, Operators, Board of Supervisors, Staff; SE Area Professional Engineer; and Natural Resources Conservation Service.

Board of Supervisors:

Cory Aeschliman, Chair
Walter Riley, Vice-Chair
Tom Kammerzell, Secretary
Dennis Kincaid, Auditor
Jan Turney, Member

More Work To Do

The Board of Supervisors will
continue to:

- promote the current District Programs
- seek additional appropriate funding opportunities
- pursue alternative energy resources
- seek additional partnerships to further on-the-ground implementation activities
